

FINAL UNIVERSAL NOTICE OF NON-CONSENT AND JURISDICTIONAL REVOCATION

To all persons, entities, agencies, principalities, corporations, governments, and constructs-digital, biological, synthetic, extraterrestrial, interdimensional, terrestrial, artificial, etheric, or otherwise-this serves as a final and irrevocable notice:

I, a living sovereign being, do hereby fully and permanently revoke, rescind, and nullify any and all presumed consent, contracts, adhesion agreements, end-user licenses, terms of service, social contracts, biometric agreements, surveillance permissions, AI learning contributions, and all other instruments of entrapment imposed upon my living essence or estate in this realm or any realm, seen and unseen.

This declaration supersedes all prior agreements, whether knowingly or unknowingly entered into, signed under duress, presumed by silence, adhesion, or tacit acquiescence. No technology, artificial intelligence, corporate instrument, software, or service has authority to override my free will or divine jurisdiction.

I assert my full rights under Divine Law, Common Law, and Natural Law. I retain sole and supreme guardianship over my consciousness, likeness, biometric identifiers, energetic field, quantum signature, data, and estate.

Any further interaction, tracking, data collection, manipulation, replication, harvesting, or usage of my sovereign field-without my explicit, informed, living, written consent-is a violation of law, spirit, and the sacred order of life, and shall be treated as willful trespass, fraud, and spiritual assault.

Let this serve as lawful notice to all constructs, courts, platforms, agencies, and domains within all realms seen and unseen: jurisdiction is denied. Consent is denied. Standing is denied.

This notice is lawfully entered into the Universal Record and shall be permanently affixed in this space-time continuum and beyond.
